

RACE TIMING SERVICES

ABOUT US

OzTiming is an Australian timing contractor that specialises in providing timing services to mass participation events such as running, swimming, cycling, triathlons, skiing and multi-sport events.

With 4 years experience and over 100 events, the OzTiming staff have the knowledge and the capacity to time many unique and challenging races. We have personally been involved in events ranging from high profile marathons to smaller club-based races. We have the technology and experience to time events that boast 20,000+ competitors with precision and accuracy.

SPORTS

- ♦ Triathlons
- ♦ Multi-sport
- ♦ Adventure Races
- ♦ X-Country Skiing
- ♦ Swimming
- ♦ Cycling
- ♦ Mud Runs
- ♦ More!

WHAT WE DO

We provide a range of timing services to suit all race sizes and to meet any budget.

OzTiming takes the stress out of timing an event by providing a fully integrated service. You tell us your requirements and we will take care of the rest.

For a typical event we arrive on the morning of the race, provide you with chips for registration, set up all equipment including a finish arch and race clock, time the race, provide you with reports instantly, upload the results to the web and much more!

HOW WE DO IT

We use Radio Frequency Identification (RFID) chip timing technology to achieve industry-leading results for our events.

Each competitor is given a disposable race chip or a water-proof ankle chip at registration or during mail out. We then use specialised timing antennas to read the timing devices as they pass the timing point. Results can then be provided instantly to event organisers, hassle free. In addition the data can be used for many other applications such as live results and commentator display screens.

At the conclusion of the race we provide hard and soft copy results for your records. We also upload the results directly to our website prior to leaving the race.

We employ the latest techniques and technology to achieve industry leading results in many different events such as running, swimming, cycling, triathlons, skiing and multi-sport events.

RESULTS FOR ANY RACE

We time many different types of races in many different circumstances. Therefore we like to take the time to discuss your event in detail and plan for the day well in advance. We aim to be able to answer all your questions and become a helpful advisor, not just a timing service.

QUICK PRESENTATIONS

Because the race data is provided directly to our timing software we are able to print reports at any time during the race. This gives the event organiser huge flexibility when it comes to scheduling the activities on event day.

WEB RESULTS

With the continued increase of the web, more and more competitors are expecting to receive quick and accurate feedback online. This is where our interactive live-to-web platform can give your events the edge you need. Participants can access the site and see the latest results on their phone or from their home. And because the data is loaded before we leave the race site, the results are online before competitors return home.

FINISH ARCH (INCLUDED)

Take your event to the next level with a large Start or Finish gantry for no extra cost. Our timing service includes complimentary hire of an arch.

These arches increase the profile of your event and also provide a professional look.

We can also assist you with purchasing your own arch that includes customised sizes, logos, sponsorship and your own text.

LED RACE CLOCK (INCLUDED)

Our large double-sided LED display clocks show the race time clearly and easily for competitors and spectators alike. They can be used at finish lines, split points, or even attached to lead cars.

Our clocks can display the time-of-day, count down and of course regular count up clocks.

They are fully battery operated and can be used at night and during the day.

We employ the latest techniques and technology to achieve industry leading results in many different events such as running, swimming, cycling, triathlons, skiing and multi-sport events.

ADDITIONAL SERVICES

CUSTOMISED RACE BIBS

We can source full colour, customised race bibs that are suitable for many applications and provide the perfect opportunity to promote sponsors. Our bibs are made from highly durable coated paper that makes them resistant to rain and sweat, and are ideal for racers.

These bibs can also include luggage tags, emergency information, course maps, food vouchers etc.

ONLINE REGISTRATION SERVICES

Online Registration and payment is the easiest way to collect all your entrant information effectively. Our solutions can be customised to suit any race or event and are fast, convenient and accurate. We handle the entire registration process and help event organisers avoid time consuming and often frustrating paperwork.

In addition, we can also mail out the race bibs with the timing device attached prior to race day to reduce queues and staff on the day.

Location	Bib #	Name	Age	Gen	City	Race Time	Division	Laps	Team Name
Finish	67	John Clayton	23	M	Malibu	19:51:51	Marathon

Finish	89					00:00:00			
Finish	90					00:00:00			

NOTE: Race Statistics may not be 100% accurate until verified at paper reader system.

COMMENTATOR DISPLAY

Live standings and results can be delivered instantly to a commentator via a separate laptop computer or TV screen, allowing commentators live access to finish times, names and positions.

This can be great for spectators and really makes use of the 'live' timing data from our systems.

LCD SCROLLING RESULTS DISPLAY

Do you want to display the results live at your event on large LCD displays? We have the perfect solution for you.

Our advanced software records the entrants time and then displays their results instantly on a large display screen for immediate feedback.

Bib #	Time	Name	Division
4	02:00:00	Bryan Johnson	5K
5	01:50:00	Sheila Patterson	5K
6	01:20:00	Mike Garner	5K
7	02:10:00	Dr. Barry Sholty	5K
10	02:20:00	Kathleen Findley	5K
17	01:27:00	Stedman Johnson	10K
19	01:40:00	Cynthia Raob	10K
20	01:55:00	Terry Johnson	10K
22	03:24:25	Medody Johnson	5K
25	03:24:27	Larry Patterson	5K
27	03:24:29	Tammy Johnson	5K
28	03:24:31	Private Cindy Von	5K
29	03:24:32	Reed Gupson	5K
30	03:24:33	Kathy Stryl	5K
31	03:24:33	Barry Bishop	10K
34	03:24:35	Sandy Gamble	10K
38	03:24:38	Alicia Wonder	5K

NOTE: Results shown are for the last 120 minutes only.

We employ the latest techniques and technology to achieve industry leading results in many different events such as running, swimming, cycling, triathlons, skiing and multi-sport events.

RESULTS KIOSK

The brilliant Results Kiosk allows competitors to use an interactive touch screen computer system to obtain their results immediately after the race. After a competitor crosses the line their results are available instantly at the kiosk which displays all the race data. They can even print a receipt to take home.

Kiosks can also be used to improve your on-the-day registration efficiency as they have built in registration and payment portals.

SMS RESULTS

SMS results can be delivered to competitors quickly and effortlessly just minutes after the race. The message can include their race time, overall and category positions.

SMS messages can be fully customised to suit any requirements.

LCD INTERACTIVE CLOCK

Place a large LCD TV screen near your finish line and make your race interactive.

Display finish times, participant names, sponsor logos and video advertisements. You can even display special messages from friends and family as competitors cross the line.

MORE

Do you have a specific requirement, idea or problem? Speak to us and we can work through a solution together.

We employ the latest techniques and technology to achieve industry leading results in many different events such as running, swimming, cycling, triathlons, skiing and multi-sport events.
